"When the Administration puts its policy on paper, we must support it, whatever we think of it individually. When you hear a man finding too much fault with the Administration, you can rely on it that in secret he is opposed to the war."—George B. Smith in 1862.

"This Administration is dragging us down to ruin faster, inconceivably faster, than the Southern Confederacy could do if they were left unmolested to assault us."—George B. Smith, in 1861.

Rally Round the Flag.

Hon. B. F. Hopkins and Col. C. R. Gill will speak for Lincoln and Johnson at the Court Room on Tuesday evening. There will be good music, good singing and good talking. Ladies will be welcome.

Among the exchanged prisoners recently returned is Gen. FRANK BARRETT, of Massachusetts, captured at the time of the mine explosion before Petersburg. He reports that about five thousand men are imprisoned in prisons around Richmond, but mostly at Belle Isle; and that those confined in the latter place were most of them captured in the valley, and have only shirts and drawers for a covering. Two-thirds of them have no tents, and are obliged to lie out night and day upon the land.

Many of the prisoners confined in the Libby were obliged to walk nights to keep warm, having no protection beyond their insufficient clothing against the damp, chilly autumn air. The prison guard was composed of men of seventy years and boys of fourteen, all the able-bodied men being on duty at the front.

The glorious Union triumphs which have been recently flashed from every quarter of the sky, have produced their results in the markets, and the wholesale business in New York is stagnant. Gold is rapidly declining, wool is depressed, dry goods are dropping, grain is falling, and prisoners every hand are coming down. Grant and his lieutenants are doing a big business. Let Rebels, Copperheads, Speculators, stand far under! The time for a long witheld recompense has come. The outraged rights of a Free People to be vindicated! All hail the victorious armies who have brought redemption night!

EXCHANGE OF PRISONERS.—Gen. Butler has proposed to Commissioner Ould, the exchange of all sick and wounded prisoners, held by either party, who are, or shall be unfit for active service during the next sixty days. The proposition has been informally accepted. According to the terms proposed, our Government is to transport the rebel sick to Fort Pulaski, near Savannah, Georgia, and receive ours there. It is thought that five thousand of our boys at Andersonville, will be released under this agreement.

WHILE Abraham Lincoln has at all times, and under all circumstances, exerted his influence to procure for the soldiers in the field the right to vote, George B. McClellan declared in favor of Judge Woodward, (Copperhead,) of Pennsylvania who devoted against the right of the soldiers to vote! The soldiers will remember this, and they will also remember that this man Woodward is an avowed Secessionist, who wanted the lines drawn north of Pennsylvania.

DEATH OF CAPT. SPEKE.—The *Asia* brings the intelligence that Capt. Speke, the distinguished African explorer, to whom belongs the honor of having discovered the source of the Nile, has been accidentally killed. No dates or particulars are given. Capt. Speke has published a number of very entertaining books of travel, and his loss will be much regretted in the literary world.

A CORRESPONDENT says: "In the present high price of kerosene lamp wicks, people can make a better wick than they buy by taking cotton flannel, of which all have pieces, and folding it up three thicknesses, just wide enough to go into the tube, and catching the edge with coarse stitches. The wick will burn well, and can always be easily rolled up and down."

COMPLETENESS OF SHERIDAN'S VICTORY.—One fact shows how complete were the proportions of Sheridan's victory over Early. Every one of the sixteen guns captured was loaded with grape and canister, the enemy having been driven from them so precipitately that they had not time to fire them off.

MAJ. McFORD, assistant agent of exchange, will start, within a few days, for Savannah, with ten thousand sick and wounded rebel soldiers, to be exchanged for a like number of the worst cases of sick and wounded of our men. The steamer *Rebecca* and other vessels of like capacity, are now preparing to sail on this expedition.

"The soldiers of New Hampshire are to vote"—the Supreme Court of the State have unanimously decided the law for that purpose to be valid and binding. This law was vetoed by the Governor, much to the surprise of everybody, but it seems that his message was one day too late—the bill became a law by lapse of time.

As official announcement by Gov. Hahn, of Louisiana, gives the total votes cast for and against the new Constitution, as follows: For the Constitution, 6,536; against the Constitution, 1,666. Gov. Hahn, in a proclamation, has declared that the Constitution is henceforth ordained and established as the law of Louisiana.

An Incident of Farragut's Fight.

A correspondent of the Army and Navy Journal tells this pleasant story of Admiral Farragut:

Sir: An incident occurred during the famous salamandrial fight at Mobile Bay, which I have not yet seen in any of the papers. It is illustrative of the great love and devotion Farragut's men feel toward their noble leader—their implicit faith in him, as the embodiment and guaranty of success. "I tell the tale as 'twas told to me," and you may publish it if you will. "After the flagship Hartford had hauled off from her first fierce assault upon the rebel fleet, and as she was again pointed fair for her, and thundering, coming down upon her to dash into her a second time—suddenly, to the surprise of all, she was herself tremendously struck by one of our own heavy vessels, also heavily coming down upon the rebel admiral, and it was thought for a brief moment, so fearful was the blow, she must go down!

"Immediately, and high above the din of battle, hoarse, anxious voices were heard crying, 'The Admiral! The Admiral! save the Admiral! Get the Admiral out of the ship!' The brave men utterly forgot themselves—thought not a moment of their own safety, but only of their glorious old Admiral, who was all in all to them! Nothing can better illustrate his whole squadron's love and devotion to him than this. When they themselves were in imminent peril of death, they only cared for him.

"Finding the vessel would float, notwithstanding the possible ultimate serious results, the brave old Admiral turned to his gallant fleet Captain with the order, 'Go on with speed! Run her again!' And on the *Hartford* sped, determined to do and die if need be; but just before she reached her, the white flag of surrender was hoisted above the discomfited *Penelope*, and soon all was ours!"

"With such a leader as this—with God for his leader (as he says he is)—what can ever hinder success from being ours?"

UNION.

War Democrats, Read This!—We trust that, if any of our readers who are first for the prosecution of the war till the Union is restored are yet thinking of voting for Gen. McClellan, they will read the following from Fernando Wood's speech in New York last Saturday evening:

"It is (the Chicago) nominee and its platform were apparently inconsistent with each other; and yet, for paramount reasons connected with success, it deemed such a contradictory position reasonable with good policy. Therefore, having none other to vote for but the man thus selected and having been a party to the effort to select some other person, I am precluded from opposition to him. Besides, if elected, I am satisfied he will entertain the views and execute the principles of the great party he will represent, without regard to those he may himself possess. He will then be our agent, the creature of our voice, and as such cannot, if he would, and would not if we could, do otherwise than execute the public voice of the country, which, with the Constitution and laws, will be the commanding general over him, clothed with supreme power. My friends, I have said this much on the assumption that McClellan is opposed to peace. There are those who deny that he is opposed to peace. Many intelligent and honest peace men do not concur in the opinion that McClellan will continue the war if elected."

"WHAT IS A COPPERHEAD?" The New Orleans Times gives the following definition of a Copperhead:

- "1. A Copperhead, as we view the animal, is a Northern man, who, born, bred or fostered in the Union, has no faith in the Union, and devotes his faculties, influence and means to perpetrate the disruption of the Union.
- "2. A Copperhead is one who, living out of the rebellious states, believes in the cause of rebellion, but has not pluck enough to strike a blow for it.
- "3. A Copperhead is a Northern man who, to further secession doctrines, would stab a Union soldier in the back while he was fighting the enemies of the Union.
- "4. A Copperhead is a self-made moral and political outlaw, wrapped up in selfish ambitions, and to degenerate to place himself in a position where the endorsement of his views might endanger his life."

WORTH REMEMBERING.—Colonel R. F. Fenton, the new Union candidate for Governor of New York, says in his acceptance letter:

We want peace without dishonor. And here let me say, friends, that there has been no time since the war began, but that peace could have been secured by the simple and honorable process of the rebels laying down their arms and returning to their homes, peaceful and law-abiding citizens under the Constitution and the laws. Nor will there be any twenty-four hours during the continuance of this war, but that the country can have peace, if the rebels will cease to fight, menace and disturb, and return to their allegiance. The loyal people will have no peace which is produced by shaking hands with rebels in arms over the bodies of our brave defenders who have fallen in the service, but upon honorable terms it would be hailed with delight.

One of the new Pennsylvania regiments reached Washington on Monday morning. As they passed the McClellan & Pendleton flag, they cried out "take down that rag!" "No quarter to Copperheads!" But as they passed under the Lincoln flag, the whole regiment halted and gave three cheers.

THE N. Y. *Post's* Washington correspondence asserts that Government has no knowledge of the alleged peace conference between Sherman and the Georgia officials. Jeff Davis, however, has found it advisable to visit the State and look after its rulers and Hood's army. He was at Maccom on the 22d.

"Well," said a Republican orator, at a meeting at Meriden, Ct., "I, too, am a peace man—but when peace comes, I pray God she may come in the shape of a white-winged angel, and not in the form of a white faced slave, chained under the bloody feet of an aristocratic rebellion."

THE WAR FOR THE UNION!

SHERIDAN'S OFFICIAL REPORT.

EARLY'S FORCES SCATTERED!

LEE'S SUPPLIES DESTROYED!

LATER FROM GEN SHERMAN!

He is on the War Path Again!

Missouri Rebels Squelched!

FROM SHERIDAN'S ARMY.

WASHINGTON, Oct. 1.—The following are the despatches received from Gen. Sheridan detailing his successful operations since the last report, and are just received.

HARRISBURG, Sept. 29.—Lt. Gen. Grant, City Point.—In my last despatch I informed you that I pressed Early so closely through New Market at the same time sending cavalry around his flank that he gave up the Valley and took to Mountains passing through Browns Gap. I kept up the pursuit to Fort Republic destroying 75 wagons and four caissons. I sent Torbett who overtook him at Harrisonburg to Staunton with Wilson's division of cavalry and one brigade of Morris's. Torbett entered Staunton on the 26th and destroyed a large quantity of rebel government property, harness, saddles, small arms, hard bread, flour, repair shops, &c. He then proceeded to Waynesboro destroying from Bridge over the South branch of the Shenandoah, seven miles of the track, the depot buildings, a government tannery and large amount of leather, flour, stores, &c. At that place he found the tunnel defended by infantry and retired via Staunton.

It is the impression that most of the troops which Early had left passed through the mountains to Charlottesville, and that Kershaw's division came to his assistance and I think passed along the base of the mountains to Waynesboro. I am getting from 25 to forty prisoners daily, who come from the mountains on each side and deliver themselves up. From the most reliable account Early's army was completely broken up. It is supposed Kershaw had not reached Richmond but was somewhere in the vicinity of Gordonsville when he received orders to rejoin Early.

The destruction of the grain and forage from here to Staunton, will be a great blow to them, all the grain, forage, &c., in the vicinity of Staunton was relied on for the use of Early's army, and all in the lower part of the valley was shipped to Richmond for the use of Lee's army. The country from here to Staunton was abundantly supplied with forage, grain, &c.

P. H. SHERIDAN, Major-General.

HARRISBURG, Sept. 30, 7 p. m.—To Lieut. Gen. Grant.—I see it going the rounds of the papers that the 18th corps was late in coming to the battle of Winchester. I was entirely unconscious of this until I saw it in the papers. The statement was made by R. S. Shelby. I wish to say that it is incorrect, and that this correspondent was arrested by my orders on a previous occasion for writing an untruthful account.

P. H. SHERIDAN, Brig. Gen.

FROM GRANT'S ARMY.

HEADQUARTERS ARMY OF THE POTOMAC, Sept. 29.—Evening reports from Gen. Butler say that the 10th and 18th army corps crossed the James river at Deep Bottom and advanced against the enemy's works at Chapin's Farm, taking the first line of rifle pits without resistance. At 9 o'clock a. m., the enemy's strong position at Chapin's Bluff was carried by assault, and 300 prisoners taken, with 16 pieces of artillery, flags, &c. A division of the 18th corps is stated to have suffered considerably, but to what extent is not known. The rebels hold the position, which is about 7 miles from Richmond. Heavy firing was heard last afternoon on the center and left, it is believed to be Gregg's cavalry engaging the enemy. They went on a reconnaissance in the direction of the South Side Road, but the result of their trip has not been ascertained. The rebels have been back and forth to-day in every direction, at one time marching off towards our left and again returning to Petersburg as if going to Richmond, and then appearing at some other point and finally going off sight altogether. Some deserters came in to-day who say that the defeat of Early in the Valley had caused great depression throughout the rebel ranks and thousands were ready to leave on the first opportunity, having lost all faith in their final success.

Sept. 30th, 6 a. m.—Brisk firing was kept up along the center of the line all last night between pickets. This morning the utmost quiet prevails. Reports that the rebels are evacuating Petersburg are again in circulation here.

McGREGOR.

BALTIMORE, October 1.—The following additional particulars have been received from a participant in the fight at Chapin's Farm, Gen. Ord on the 18th, with two small divisions pushed toward Richmond on Thursday morning fighting his way and driving in the enemy's front until he reached Chapin's Bluff. Here were heavy reinforcements for miles around. The works were near and below them the rebel garrisons, though small had been reinforced from Richmond. One division of Gen. Sumner's to the left of the main works, and thence swinging around inside of, and in the rear of, the enemy's other works, drove them out before them. While this was going on, heavy reinforcements came down from Richmond, which were all driven out. The division that did this lost every brigade commander killed and wounded. Gen. Burnham was killed, Col. Stevens and Donohue were wounded but not dangerously. This division behaved most gallantly, losing some 500 officers and men in killed and wounded. The works taken were the strongest so far around Richmond, and Gen. Grant will, it is believed, keep it. Heavy fighting was going on when our informant left.

New York, October 2.—The *Herald's* 10th corps correspondent says of the operations of that corps in the advance on Richmond that the corps broke camp at 3 o'clock p. m., on the 28th, and by a rapid march reached and crossed the James at daylight on the 29th at Deep Bottom.

Immediately on advancing they met the enemy and skirmished on the road and across the fields till near the New Market road. This road was occupied by the enemy who were strongly entrenched on the heights, and our advance was obstinately contested. The position in addition to being of a strong natural character, was almost impregnable. The colored troops under Gen. Paine were ordered to carry this position, and their charge was one of the grand features of the operations of the day. They never halted or faltered, though their ranks were sadly thinned, and as they advanced the successful accomplishment of their task put the enemy to confusion and sent them rapidly down the road toward Richmond.

Gen. Grant and Butler came on the field during this struggle and were enthusiastically received by the troops. When the former rode along the lines the shouts and cheers of the men were beyond example.

Three miles above New Market the enemy have a very strong work, but Birney pressed his advantage and pursued the retreating rebels so closely that they could not stop to reform in this work. These works crossed the New Market Road just beyond the Laurel Hill Church and their guns swept the roads in all directions.

A Washington dispatch to-night says that passengers by the City Point boat report that our forces have on the South Side Railroad, which, if true, intercepts direct communication between Petersburg and Lynchburg and Danville.

FORTRESS MONROE, Oct. 1, via BALTIMORE.—The United States hospital steamer *Geo. Leary* which arrived from Deep Bottom this afternoon reports fighting in progress yesterday on the north side of the James river, also heavy firing on the south side of Petersburg, which continued at a late hour last evening. No important results are yet reported, but the indications are very favorable.

The hospital steamer *Matilda* exploded her boiler at five o'clock last evening just after having landed two hundred wounded soldiers for Hampton Hospital. Providentially the soldiers all escaped. The engineer, Thomas Brennan, was dangerously scalded. The second engineer was slightly injured. Quartermaster W. A. Carlin had an arm broken. None others were injured. From thirty to forty feet of the *Matilda's* upper works were carried away, including the saloon. The hull was not damaged.

HEADQUARTERS ARMY OF THE POTOMAC, October 2.—The enemy attacked Ayre's division yesterday morning and were repulsed with heavy loss. This was the only fighting on our left yesterday except an attack by Wade Hampton's cavalry on Gregg's cavalry on the Vaughan road, where they were driven back with considerable loss. Our army is well entrenched. A battle may occur any moment.

Richmond papers boast of a victory over Sheridan, and say he was retreating. WASHINGTON, Oct. 3.—Letters received from City Point, yesterday morning report that there was heavy firing on right and left of Petersburg but little in front, the entire army was in motion and indications were that a general engagement was meditated.

FROM SHERMAN'S DEPARTMENT.

NASHVILLE, Sept. 30th, 1864.—Gen. Sherman has stopped furloughing officers and ordered some back who had started for home. This change in his policy was caused by the fact that Hood has changed his base and moved over toward West Point, as if to cover Mobile. I cannot expect the movement of Hood, which is evidently a very bad one, unless he intends to make a desperate move northward, as Bragg did in 1862, in order to compel, if possible, the evacuation of Atlanta. But Sherman is not so dull; and the attempt will be an utter failure. However his situation is a desperate one, and

"Finding the vessel would float, notwithstanding the possible ultimate serious results, the brave old Admiral turned to his gallant fleet Captain with the order, 'Go on with speed! Ram her again!' And on the Hartford sped, determined to 'do and die' if need be; but just before she reached her, the white flag of surrender was hoisted above the discomfited *Tennessee*, and soon all was ours!"

"With such a leader as this—with God for his leader (as he says he is)—what can ever hinder success from being ours?"

WOMEN.
WAT DEMOCRATS, READ THIS.—We trust that, if any of our readers who are really for the prosecution of the war till the Union is restored are yet thinking of voting for Gen. McClellan, they will read the following from Fernando Wood's speech in New York last Saturday evening:

"Its (the Chicago) noninterference platform were apparently inconsistent with each other; and yet, for paramount reasons connected with success, it demands such a contradictory position reconcilable with good policy. Therefore, having no other vote to give, but the man who selected and having been a party to the effort to select some other person, I am precluded from opposition to him. Besides, if elected, I have pledged him to entertain the views and execute the principles of the great party he will represent, without regard to those he may himself possess. He will then be our agent, the creature of our voice, and as such cannot, if he would, and would not if we could, do otherwise than execute the public voice of the country, which, with the Constitution and laws, will be the commanding general over him, clothed with supreme power. My friends, I have said this much on the assumption that McClellan is opposed to peace. There are those who deny that he is opposed to peace. Many intelligent and honest people do not concur in the opinion that McClellan will continue the war if elected."

"WHAT IS A COPPERHEAD?" The New Orleans Times gives the following definition of a Copperhead:

"1. A Copperhead, as we view the definition, is a Northern man, who, born, bred or fostered in the Union, has no faith in the Union, and devotes his faculties, influence and means to perpetuate the division of the Union.

"2. A Copperhead is one who, living out of the rebellious states, believes in the cause of rebellion, but has not pluck enough to strike a blow for it.

"3. A Copperhead is a Northern man who, to further secession doctrines, would stab a Union soldier in the back while he was fighting the enemies of the Union.

"4. A Copperhead is a self-made moral and political outlaw, wrapped up in selfish ambitions, and to degenerate to place himself in a position where the indorsement of his views might endanger his life."

WORTH REMEMBERING.—Colonel R. E. Fenton, the new Union candidate for Governor of New York, says in his acceptance letter:

"We want peace without dishonor. And here let me say, friends, that there has been no time since the war began, but that peace could have been secured by that simple and honorable process of the rebels laying down their arms and returning to their homes, peaceful and law-abiding citizens under the Constitution and the laws. Nor will there be any twenty-four hours during the continuance of this war, but that the country can have peace, if the rebels will cease to fight, menace and disturb, and return to their allegiance. The loyal people will have no peace which is produced by shaking hands with rebels in arms over the bodies of our brave defenders who have fallen in the service, but upon honorable terms it would be hailed with delight."

THE WAR FOR THE UNION!

SHERIDAN'S OFFICIAL REPORT.

EARLY'S FORCES SCATTERED!

LEE'S SUPPLIES DESTROYED!

LATER FROM GEN SHERMAN!

He is on the War Path Again!

Missouri Rebels Squelched!

FROM SHERIDAN'S ARMY.

WASHINGTON, Oct. 1.—The following are the despatches received from Gen. Sheridan detailing his successful operations since the last report, and are just received.

HARRISBURG, Sept. 29.—Lt. Gen. Grant, City Point.—In my last despatch I informed you that I pressed Early so closely through New Market at the same time sending cavalry around his flank that he gave up the Valley and took to Mountains passing through Browns Gap. I kept up the pursuit to Port Republic destroying 75 troops and four caissons. I sent Robert who overtook me at Harrisonburg to Staunton with Wilson's division of cavalry and one brigade of Meritt's. Forth entered Staunton on the 26th and destroyed a large quantity of rebel government property, harness, saddles, small arms, bread, flour, repails, shoes, &c. He then proceeded to Waynesboro destroying 75 buildings, seven miles of the track, the depot buildings, a government store, and large amount of leather, flour, stores, &c. At that place he found the tunnel defended by infantry and retired via Staunton.

It is the impression that most of the troops which Early had left passed through the mountains to Charlottesville, and that Kershaw's division came to his assistance and I think passed along the base of the mountains to Waynesboro. I am getting from 25 to forty prisoners daily, who come from the mountains on each side and deliver themselves up. From the complete rout of Early's army was most reliable broken up. It is supposed Kershaw had not reached Richmond, but was somewhere in the vicinity of Gordonsville when he received orders to join Early.

The destruction of the grain and forage from here to Staunton, will be a great blow to them. All the grain, forage, &c., in the vicinity of Staunton was relied on for the support of Early's army, and all in the lower part of the valley was shipped to Richmond for the use of Lee's army. The country from here to Staunton was abundantly supplied with forage, grain, &c.

P. H. SHERIDAN, Brig. Gen.

FROM GRANT'S ARMY.

HARRISBURG, Sept. 29.—Lt. Gen. Grant, City Point.—I see in the columns of the papers that the 18th corps was late in coming to the battle of Winchester. I was entirely unconscious of this until I saw it in the papers. The statement was made by R. S. Shelby. I wish to say that that was incorrect, and that this correspondent was arrested by writing an untruthful account.

OFFICIAL BULLETIN.

WASHINGTON, Oct. 2.—Maj. Gen. Dix, Despatcher from Gen. Sheridan dated Harrisburg Oct. 1, 9:30 a. m. have been received at this depot. It states "I have been by Staunton and the iron bridge on South River at Waynesboro also the bridge over Christens creek, on the railroad from Staunton to Waynesboro."

Details of further operations are for obvious reasons omitted, the following despatch is the latest received from General Grant.

City Point, 2:30 p. m.—To Maj. Gen. Halleck.—Butler on the right of the James river and Meade Southwest of Petersburg, occupy the same position as yesterday. There has been but very little fighting to-day. A few prisoners were captured last evening. Butler sent two brigades of infantry with a light cavalry brigade of five hundred men of the inner line of works east of Richmond meeting with no opposition. U. S. GRANT.

No dispatches have been received for three days from Sherman, but vigorous measures it is believed have been taken by him to protect his communications from rebel raiding parties under Wheeler and Forrest.

E. M. STANTON.

FROM WASHINGTON.

WASHINGTON, October 1.—Ex Governor Dennison was this p. m. sworn into office and entered upon duties as Postmaster General.

New York, October 1.—The Tribune's special says the government has information that the invasion of Missouri is substantially quashed, and Sherman has established his communication with no apprehension of a lack of supplies.

It is now positively stated that Gen. Sherman has corresponded with Gov. Brown, of Georgia, concerning peace, and the government approves of Gen. Sherman's course in the matter.

The Republican has official information that Sheridan has scattered Early's force to the mountains, and destroyed the immense supplies gathered for Lee's army, and that all is going right with Grant.

The vote of the Vermont soldiers has just been announced. It was cast for State officers, but, no doubt, that for President will be essentially the same. The figures are as follows: Total vote, 1,455—Union, 1,233; Democratic, 155; scatter ing, 67.

INSURANCE HEADQUARTERS. LAPPIN'S BLOCK, JANEVILLE, WIS., OCT. 1, 1864. Are you insured? If not now is the time, stores are being put up for the winter, fires are constantly occurring in all directions. Those "burn safe risks," No. 1 class dwellings, burn every day. A No. 1 brick store and other brick buildings are constantly being destroyed by fire, together with their contents.

E. L. Dimock is agent for all the sound old Eastern Fire, Marine and Life Insurance Companies. You may be burned out to-night, get insured to-day. Oct3daw1m-113.

FROM SHERMAN'S DEPARTMENT.

NASHVILLE, Sept. 30th, 1864.—Gen. Sherman has stopped furloughing officers and ordered some back who had started for home. This change in his policy was caused by the fact that Hood has changed his base and moved over toward West Point, as he to cover Mobile. I cannot explain this movement of Hood, which is evidence a very bad one, unless he intends to make a desperate move northward, as Bragg did in 1862, in order to compel, if possible, the evacuation of Atlanta.

But this is exactly what our commander desires. Did he not try to get Johnson and Hood to the north of him every day after he made his first flank movement at Resaca? and would he fear to let Hood try the game now?

If he be true, and we believe it is, that Hood has moved over on the West Point Railroad, Sherman will commence an offensive movement at once. He will then be moving toward a base of supplies, and will bring him nearer to Montgomery, and with that place in our possession, the river, from Mobile, will be easily opened. A march in that direction would possess manifold advantages to us over one in the direction of Macon or Augusta; and the rebels' army of Georgia would be constantly getting further and further from the seat of the rebellion—Virginia, and West Point of our possession, and communication once in our possession, and Lee would be between Hood and Lee forces, in any possible contingency forever prevented.

NASHVILLE, Sept. 30.—The Nashville Union, of this morning has the following: A dispatch from Franklin says fighting has been going on all day; that so far Sherman had the advantage, and that he held the advantage at dark.

General Rousseau has ordered a supply train down, which shows that he is all right.

SWAN'S CRYSTAL BLUE AND BLEACHING PREPARATION.—This Preparation is much superior and cheaper than any other Blue, requiring no preparation for use, and is the only Article adapted for bleaching and restoring clothes, yellowed by age, or bad washing, to a pure white, without injury. It does not settle in the water and clothes, giving them a "muddy blue" color, like indigo, but is perfectly soluble, leaving the water clear; antiparts a delicate blue-white tint to articles, without depositing any sediment or stain, and is warranted not to injure the most delicate fabric, and when known by housekeepers will supersede all others.

It has now been in use in the N. E. States for over ten years, and invariably given satisfaction, and is of the same standard quality as when first introduced, and owing to the numerous cheap and worthless imitations that have been put into the market, we have been compelled to adopt the new PATENT SAFETY BOXES which cannot be imitated; and being put up in this style it is more economical than other Blues, as there is no waste, the arrangement of the boxes being such that the slightest quantity can be used if necessary.

CONRAD & YANKIN are the sole agents for the above preparation in this country. Price 15 cts. per box. The Trade supplied at a liberal discount. sept15adv20.
